Dear Mr. Van Nynatten and Mr. Pattle:

**Subject: Notification of modifications to dates in conditions of Paragraph 35(2)(b)
Fisheries Act authorization 16-HPAC-00518**

The Fisheries Protection Program (the Program) of Fisheries and Oceans Canada hereby modifies the conditions that relate to the period during which the work, undertaking or activity that will result in serious harm to fish can be carried on, for the authorization issued to you under paragraph 35(2)(b) of the *Fisheries Act* on July 22nd, 2016.

The period during which the work, undertaking, or activity can be carried on is now from July 22nd, 2016 to September 30th, 2016. Other dates in the authorization are modified as follows:

- Condition 4.4 September 30th, 2016.

The Program has determined that the modification of the dates in the conditions of authorization will not increase the level of harm to fish and habitat described in the authorization.

A copy of this letter must be kept on site while the work is in progress. Work crews must be familiar with and able to adhere to the conditions.

Failure to comply with the conditions of the authorization may lead to prosecution under the *Fisheries Act*.
